MARKETING & PROMOTION

MARKETING PLAN: ROCKY KRAMER "FIRESTORM" World Release ***Digital Single: 7-30-2019*** ***Street Album: 8-13-2019***

MASTER PROJECT AND MARKETING STRATEGY

1. PROJECT GOAL(S):

The main goal is to establish "Firestorm" as an international release and to likewise establish Rocky Kramer's reputation in the USA and throughout the World as a force to be reckoned with in multiple genres, e.g. Heavy Metal, Rock 'n' Roll, Progressive Rock & Neo-Classical Metal. Servicing and exposure to this product should be geared toward social media, all major radio stations, college radio, university campuses, American and International music cable networks, big box retailers, etc.

2. OBJECTIVES:

Allied Artists, in association with Rocky Kramer, will collaborate in an innovative and versatile marketing campaign introducing Rocky and The Rocky Kramer Band (Rocky, Alejandro Mercado, Michael Dwyer & Matt Grossman) as formidable musicians addressing socially conscious issues, beginning with Rocky's first CD entitled "Firestorm."¹ Firestorm will be released internationally, targeting all worldwide² major markets including North America, the European Union, Latin

¹ Firestorm will also be available in 180 Gram Hi Quality Vinyl.

² Individual marketing plans will be created in each territory.

America, Russia and Asia. Of course, domestic markets are the desired focus of this marketing strategy. Besides typical music downloads, via the Internet, traditional physical CD product and historic but resurging 12" vinyl product will be offered in coordinated releases to target North America, European Union countries and rock/metal intensive countries, such as Germany, Argentina and Chile, following through to secondary countries where the focus tracks will have paved the way for the album; then sell through all units within the following six to twelve months, establishing Rocky Kramer as a modern day mix between AC/DC and Dream Theater, as envisioned through the eyes of Pink Floyd.
